TESTIMONIAL FOR JAKUB KOSIEC

Some time ago I purchased a new lap top pc which I have been using for my business. I knew that I needed to backup the information on it and also to improve the security. I asked Jakub, of Compimage, to visit and recommend where I go next. Like most people who are not computer experts I was worried about the complexity of the information and, of course, the cost.

Jakub was fantastic. He looked at my computer, knew exactly what to recommend and most importantly explained clearly and concisely how the different systems worked, what they cost and what my choices were. For once I was not worried about the complexity of the choice nor the cost. I now know my lap top is fully protected and that my work will not get lost. I have peace of mind!

I want to thank Jakub for his professional and straightforward manner. I will be recommending him to all my friends and colleagues.

With regards,

Caroline Kerr Smith
