RE: IT Support

Jakub Kosiec was engaged on a SBS 2008 installation for a £6m client. The nature of the work meant that it had to be done over one weekend. He was a key member of the team, worked well with the staff, worked long hours and we delivered the project on time.

Not only do I recommend Jakub, I would engage him again.

Thank you for your services.

Yours sincerely,

Shakeeb Niazi (Mr.)
Managing Director
