Dear Jakub,

One of the good things about BNI Hogarth membership is that one has the chance to meet a variety of skilled operators in their own fields who deliver their services to an excellent standard rapidly and on the basis of reasonable pricing.

I am pleased now that I have experienced your skill at networking solutions to say that you fit this description in every respect and more.

Thanks for attending to what was a technical problem so willingly and with knowledge and intuition. The Compmage brand is shining can easily and will be referred far and wide.

Yours sincerely,
